

STREETLIGHT LUMINAIRE

BSE

Brand : BSE

IEC60529:2000-02

Made in Thailand

The Streetlight Model:SO1-220W20LED

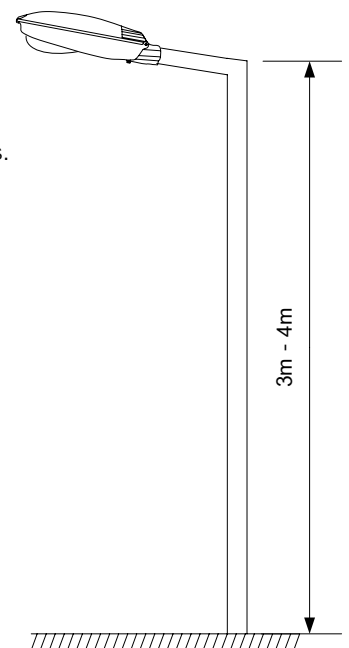

The sturdy construction of SO1-220W20LED use stainless steel clip system to access to lamps and installation in minutes .

With its elegant design and good efficiency optical compartment using single piece anodized the SO1-220W20LED street lantern produces superior photometric performance suitable for fence light and urban road lighting

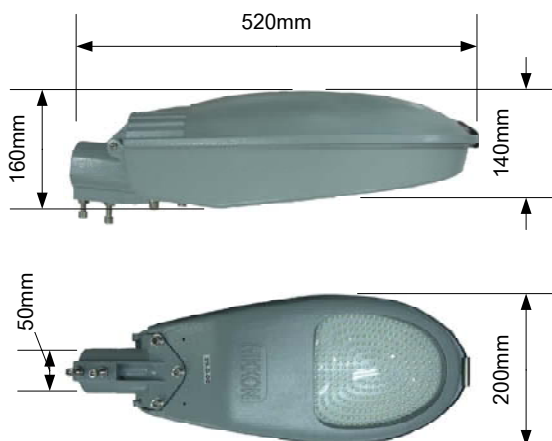

Specifications:

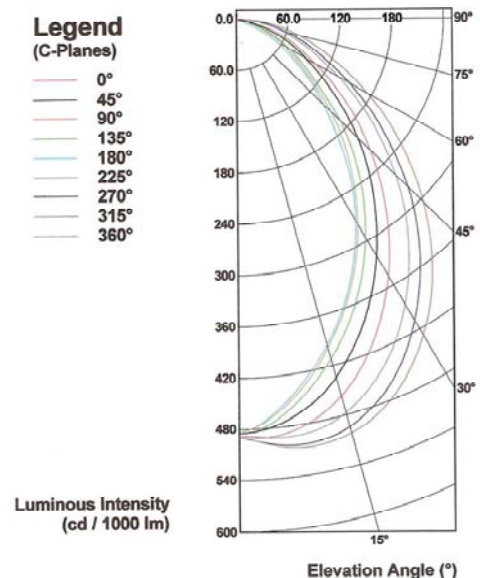

Lamp	:Light emitting diode (LED) technology :Saving energy and long life time more than 100,000 hours. : Color cool white
Voltage input	:220 Vac \pm 10% 50 Hz
Energy	:20 Watts
Light Intensity	:250 cd ,Bare Lamp Luminouse Flux 493.45 Lumen : Illuminance 33.47 Lux at mounting height 2.7 meter
Temperature	:-20 C° to + 80 C°
Protection	:IP66
Body	: Corrosion resistant Die-cast Aluminium Alloy body with wether & Durable Rubber Gasket Seal
Weight	: 4.5 kg
Packing size	: 260 mm x 560 mm x 240 mm
